

DISTRICT INTERNSHIP PROGRAMME

- From Determination To Action

The programme aims at channelizing the potential of youth in the Osmanabad district to strengthen the ground level systems and services.

The youths will get exposure to various government departments, schemes, officer's work which will teach them diverse things and make them a better person. This in a way also help the district administration in improving their service deliveries at village level.

Five students from botany department motivated to work in this programme.

- 1. Rohini Ghantewad**
- 2. Adiba Sayyad**
- 3. Prahjakta Trimukhe**
- 4. Nikita Limkar**
- 5. Asfiya Sayyad**

The concept

- It was observed that there is need for continuous monitoring and fixing the things at village level. One needs to be present there for some period to address the issues. Monitoring each village from district level for minute things is quite impossible.
- one student can strengthen one village in functioning of it's grampanchayat, PHC, anganwadi, school, agricultural activities, skill, financial inclusion work then it will be an impactful intervention by district administration.
- Hence the Collector office and Zilla Parishad osmanabad came up with the idea of District internship programme.

Structure of DIP

- working students (One student per grampanchayat, one+ students per large grampanchayat) and admin students who will help in monitoring the village working students.

Outline of programme	Activity	Duration	Expected outcomes
1)	Registration	17th -23rd Dec 2018	To know the scale
2)	Training to interns	24th -29th Dec 2018	To strengthen interns for their

3)	Programme inauguration	First week of January	future work To make everyone in district aware of the programme
4)	Programme duration	7th Jan -24th Feb (6 working week + 1 evaluation week)	Completion of task by interns

objectives

- To give good exposure to students to enhance their social sense, personality
- To perform important task for district administration.
- To take note of wrong or negative things at ground level so that some corrective actions can be taken.
- To strengthen the ground level function and functionaries in order to achieve wholesome and inclusive socioeconomic development of Osmanabad district.
- To promote and propagate sensitization programmes on sustainable development.
- To nurture leadership qualities that ensures transparency, democracy.

Assigning the villages :-

- Intern w worked in nearby village of his/her
- Village given by taking into consideration all possible factors like connectivity, circles, comfort of interns.

Monitoring of the prog Assigning the villages :-

- Intern work in nearby village of his/her own village to decrease the travelling.
- Girls given their own village to work if they wish specifically.
- Village given by taking into consideration all possible factors like connectivity, circles, comfort of interns.

Monitoring of the programme :-

It will be done online. DIP App launched at the inauguration. The interns report and give updates with photos through this app for every Wednesday and Saturday. The Wednesday working day and Saturday task day the interns can directly communicate to the admin team at district in order to solve their problems and help them in their task. Block wise experts are arranged for every department who will help them with their queries. For ex. Mahalabharthi related issues handled by the taluka co-coordinator

Support to interns :-

A career guidance session, health camp will be arranged for them in between. A certificate of appreciation issued by Hon. Collector ad Hon. CEO provided to each at the completion of the programme. **On 2 march 2019**

Outcome

- Students worked at ground level and understand and analyzed the problem and solution for socioeconomic development of Osmanabad district.
