Activity			
1. The linkage institutions were initiated to assist in development of stronger educational ties between S.M.D.M.M.kallamb and Dnyanodyog Junior college Yermala to share practical assistance activities lab activity. 2. In this module hands on training will be provided in plant tissue culture techniques. 3. The focus will also be demonstrating the impact of hormones and other chemical reagents on plant growth and development. 4. Finally application of tissue culture techniques in crop improvement introduced.			

Name of the Activity:
Plant tissue culture training
Objective
1. Maximize the benefits of Practical skills. 2. To develop learning skill through audio, video. 3. Create applied knowledge. 4. To provide Basic knowledge. 5. To make familiar with instrument and plant tissue culture lab. 6. To provide hands on practical skill. 7. Identify future research needs. 8. Introduction to new technology in science. 9. To develop research aptitude.

Methodology

1. Experiment.
2. Lecture by PPT.
3. Practical demonstration.
4. Discussion.

Learning Out come

1. Students able to examine the common features of angiosperm.
2. Able to understand the process of photosynthesis and respiration.
3. Explain the necessity of cell division in living things.
4. Analyse and evaluate the possible consequence of current technology in science.
5. Understand and apply the knowledge in real life.
6. Practical reflection.
7. Interpretation on experiment.
8. Development of reflective thinking skills in student.

Topic covered under this activity

- 1)Photosynthesis and Respiration
- 2) Biotechnology: Process and application.
- 3) Genetics, reproduction in Angiosperm.

Practical

- 4) To study flower parts.
- 5) To study different stomata.
- 6) To prepare a temporary mount of onion root tip for study of mitosis.
- 7) To study pollen germination on slide.
- 8) To demonstration anaerobic respiration.

Sub: To participating students in tissue culture training programme.

Respected Sir /Madam

As per subject cited above, to participate our B.Sc. students in Tissue Culture Training programme organized by your Tissue culture laboratory on dated, 12th January 2019. We have MOU collaboration between Department of Botany, Vasant Mahavidyalaya Kaij, Dist: Beed and Shikshan Maharshi Dnyandeo Mohekar Mahavidyalaya Kallam, Dist: Osmanabad. This training programme will arrange as per our MOU norms.

I have sending students for tissue culture training programme. So help them and to do empower them and aware about various concepts regarding techniques of tissue culture and its use in field of Life Sciences.

Respected Sir

We are kindly thankful to participate your B.Sc. students in **Tissue Culture Training Programme** organized by Tissue culture laboratory, of our department of Botany; on dated, 12th January 2019. This training programme was conducted as per our **MOU** collaboration between Department of Botany, Vasant Mahavidyalaya Kaij, Dist: Beed and Shikshan Maharshi Dnyandeo Mohekar Mahavidyalaya Kallam, Dist: Osmanabad.

We fill happy to inform you that your students responded very well in training programme asking their various problems and application of tissue culture in their carrier building. In this training programme we gave them best of knowledge about theory and practical's with handlings of instrumentation.

Title :	One Day Farmers Workshop on Hi-Tech Farming on Mango, Guava and Custard Apple Fruit Crops and Organic Farming and Application of Tissue Culture in Fruit Crops
Date	08/02/2019
Time	10 a.m to 4 p.m
Faculty Department/ Organised By	Horticulture Agro-information Center (AIC) Kalamb, Department of Horticulture and Botany, in association with Global Vikas Trust -Global Parali (GVT-GP) Mumbai & Gurukrupa Nursery, Bawi
Coordinator Name and Faculty presented	Mr. Kawale M.R.-Coordinator Mr. Chandore H.D. Mrs. Mukhedkar A.R. Dr. Bhosale Shrikant B. Mr. Manekar R.S. Mr. Shinde Arvind B.
Venue	Department of Botany. S.M.D. Mohekar Mahavidyalaya, Kalam
Number of farmers	100
Total Estimation :	5000
Finance Management:	Sponsored by Gurukrupa Nursery, Bawi
Lectures delivered by:	1) Prof. Kawale M.R.- Hi-Tech practices & High Density Planting in Fruit Crops 2) Prof. Chandore H.D.- Management of Diseases, Pests, Post Harvest Technologies and Processing, Group Farming and Marketing 3) Prof. Mukhedkar A. R.- Organic Farming in Fruit Crops 4) Dr. Bhosale S.B- Application of Tissue Culture in Fruit Crops
Nature of Activity:	Academic and Extracurricular/ Environmental
Activity	1. Lecture on hi-tech practices & high density planting in fruit crops, management of diseases, pests, post harvest technologies and processing, group farming and marketing, organic farming in fruit crops, application of tissue culture in fruit crops 2. Laboratory visit of plant tissue culture 3. Showing ideal selection of plating materials (grafted plants) procured from Gurukrupa Nursery, Bawi

Summary Report of Farmers Workshop

Name of the Activity:
One Day Farmers Workshop on Hi-Tech Farming on Mango, Guava and Custard Apple Fruit Crops and Organic Farming and Application of Tissue Culture in Fruit Crops
Objective
<ol style="list-style-type: none"> 1. To make awareness about the importance of Hi Tech Farming Practices in Fruit Crops Specifically in Mango, Guava, and Custard Apple, etc. 2. To make awareness about the importance of Organic Farming, and Application of Plant Tissue Culture 3. To solve farmers doubts by asking questions to experts on site. 4. To learn on site advanced practices of horticultural plants. 5. To get information of horticultural crops varietal selection, high-density planting, ultra high-density planting and meadow orchard plantation etc., and processing technologies. 6. To get information of ideal plant selection for plantation from authorised nurseries. 7. To get information of Group Farming 8. To get information about increasing income from hi-tech horticultural practices
Methodology
<ol style="list-style-type: none"> 1. Power Point Presentation 2. Laboratory Visit 3. Showing ideal plant materials
Out Come
<ol style="list-style-type: none"> 1. Farmers get information of all scientific technology in hi tech horticultural practices such as high-density plating, ultra high density planting, meadow orchard plantation, bending practices, training, pruning, bahar treatment etc. 2. Farmers aware about the ideal plating material (sapling) selection from authorised nurseries and best Variety for plantation 3. They get all detailed information of plantation methods, plating distance, fertiliser management etc. 4. They get information of attack of disease, pest and their management in three crops. 5. Farmers has aware about the processing, marketing technologies 6. They knows the importance of group farming 7. They get information about the organic farming their importance, future scope and methodologies 8. They get information of plant tissue culture by visiting our plant tissue culture lab. 9. They asked questions to our expertise and clear their doubts
Topic covered under this activity
