

7.1.6. Beyond the Campus Environment Promotion Activities

The institution actively involves in programmes that promote Environment sustainability and Ecosystem restoration. Most of the activities beyond the campus include the environment promotion and conservation. The following are some of the activities that are done during the last five years as part of the green initiatives.

ACADEMIC YEAR 2017-18

1. Tree Plantation 2017-18

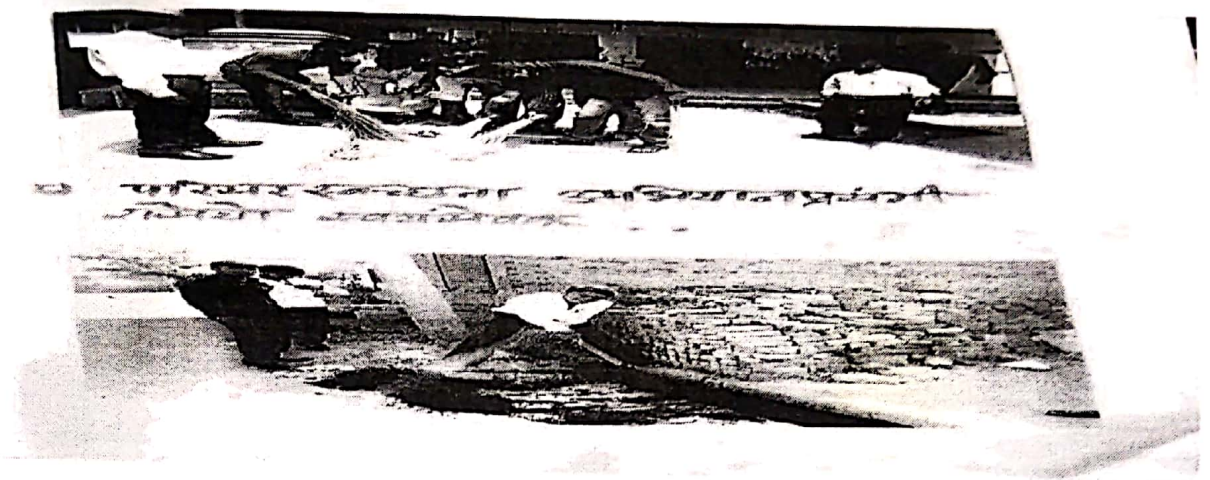

2. Environment Awareness Programs:

Environmental awareness is a critical component of our daily life. To ensure the planet's long-term viability, everyone must commit to becoming more environmentally conscious. As a result of the Supreme Court's decision, environmental education is now become compulsory to all students in all types of higher education institutions. Environmental education is a style of education that allows students to learn through hands-on experiences outside of the classroom. It allows students to relate and apply what they've learned in the classroom to real-world environmental challenges. College is one of them and many environment friendly programs are organized through the college.

These include tree planting, Vruksh Dindi, AIDS Awareness Rally, workshop on Tobacco Free, Health Checkup Camp, etc.

Awareness program of cleanness in adopted village karanjikalla, by NSS students 2018-19

Sericulture farming lecture by Dr. Hivre at NSS camp 2018-19

Tree plantation at adopted village Karanjalla, Kallamb by NSS student

Lecture to UG students on “Environmental Awareness and Conservation”

Program Report

Objective of the Event:

1. To deliver a lecture on “Environmental awareness and conservation” to undergraduate students of NSS camp
2. To spread awareness regarding environmental conservation, its need and benefits.

Description of the Event: More than 20 students and 6 faculty members were present in the presentation. Dr. Nikhil Gaikwad, Shivaji University Kolhapur, talked about environmental pollution, environmental changes, bird preservation, plant conservation of valuable plant etc. He encouraged students to take a step in their daily lives towards environmental conservation and protection.

Clean, Green Campus and Nearby Villages Drive

Program Report

Objective of the Event:

1. To gather information about the productivity of the farmers.
2. To understand the status of farm mechanization in the surveyed village.
3. To inform about the impact of natural hazards on rural farmers' productivity.

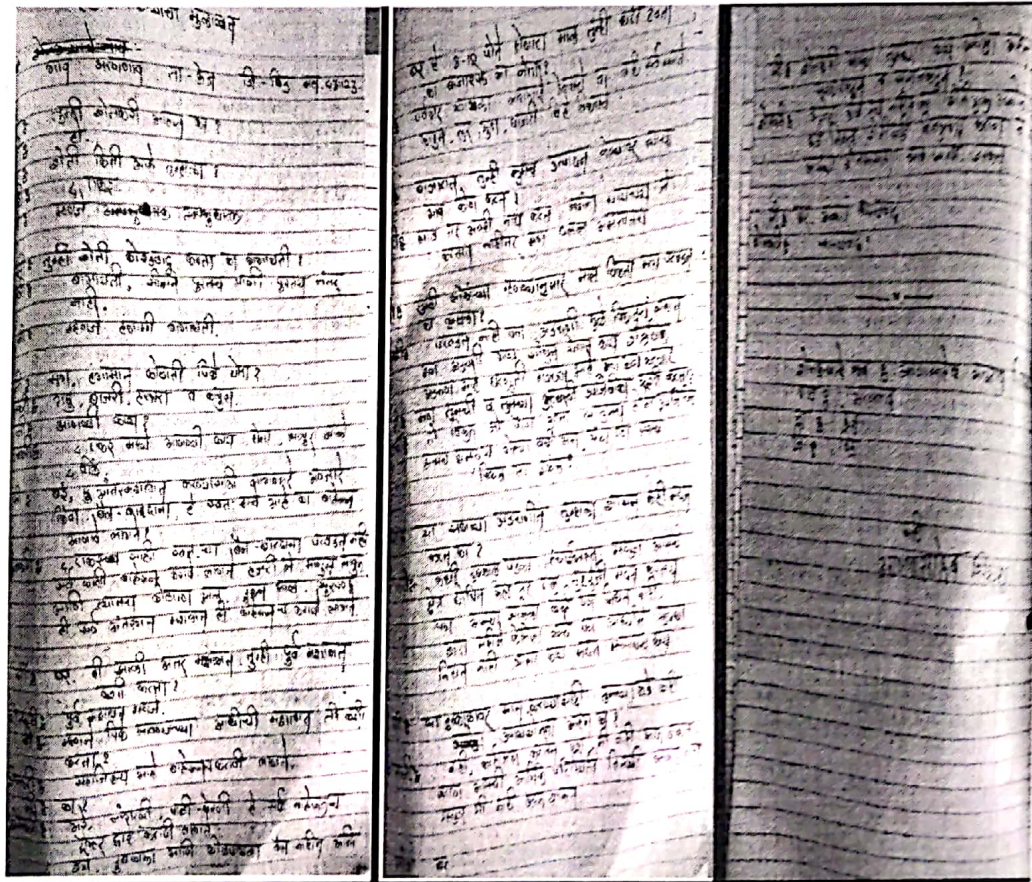

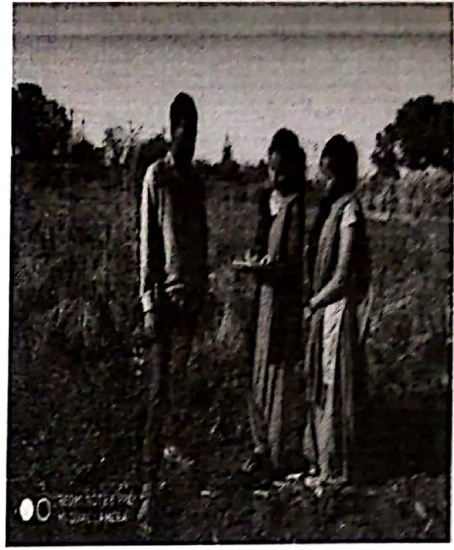

Theme of Visit in Village: Improved livelihoods of rural communities through sustainable agricultural practices and entrepreneurship.

Description of the Event: Visit an agriculture field in a nearby village and collect the following information:

- a) Different implements used by farmers
- b) Nature of crops grown there
- c) The time of sowing and harvesting of crops
- d) Methods of irrigating the field
- e) Any manure/fertilizer used by farmers
- f) Storage of grains
- g) Pros and cons of organic versus chemical fertilizer Some of the major problems and their possible solutions have been discussed as follows. Farmers are plagued by several problems in agriculture; some of them are natural and some others are manmade.
 - 1) Seed is a critical and basic input for attaining higher crop yields and sustained growth in agricultural production. Distribution of assured quality seed is as critical as the production of such seeds. Unfortunately, good quality seeds are out of reach of the majority of farmers, especially small and marginal farmers mainly because of exorbitant prices of better seeds. In order to solve this problem, government can define a committee at each block level to augment the supply of improved seeds to the farmers.
 - 2) Soils have been used for growing crops over thousands of years without caring much for replenishing. This has led to depletion and exhaustion of soils resulting in their low productivity. The average yields of almost all the crops are among the lowest in the world. This is a serious problem which can be solved by using more manures and fertilizers.
 - 3) Storage facilities in the rural areas are either totally absent or grossly inadequate. Under such conditions the farmers are compelled to sell their produce immediately after the harvest at the prevailing market prices which are bound to be low. Such distress sale deprives the farmers of their legitimate income. In order to solve this problem, Government has to define a scheme for establishment of national Grid of Rural Godowns

and a network of Rural Storage Centers to serve the economic interests of the farming community.

4) Under these circumstances the farmers cannot carry their produce to the main market and are forced to sell it in the local market at low price.

Students work for overall development of the adopted village and nearby villages through activities like tree plantation, Continuous Contour Trenches, Gram Swachhata, socio-economic survey of the village, Save Girl Child campaign etc. CCTs, Water Conservation work is done by NSS volunteers.

Interaction with Gram Pradhan, Secretary of Gram Panchayat and Villagers

Collaboration With: **Unnat Bharat Abhiyan (UBA)**

Coordinator: prof. Eshawar rathod.NSS programme officer.

Program Report

Objective of the Event:

1. To aware the villagers about the importance of education.
2. To aware the villagers about the Cleanliness in village
3. To aware the villagers about the advantages of dispose of the wastage
4. To aware the villagers about the Government Schemes which are beneficial for them
5. To aware the villagers about the Agriculture Quality

Description of the Event:

Team Members apprised the villagers in the presence of Gram Pradhan about the importance of education, Cleanliness in village, advantages of dispose of the wastage, Government Schemes which are beneficial for them & Agriculture Quality

Students Interaction with Gram Pradhan.

AWARENESS ON POLLUTION AND ITS EFFECTS

NSS cell has Organizing awareness programme on Pollution and its Effects A Report on Awareness on Pollution and Its Effects: Some of the faculty from the Shikshan Maharshi Dnyandeo Mohekar college Kalamb had conducted an awareness programme on pollution and its Effects. There are different kinds of pollution which originate from air, water, sound that are hazardous to the humanity as well as animals.

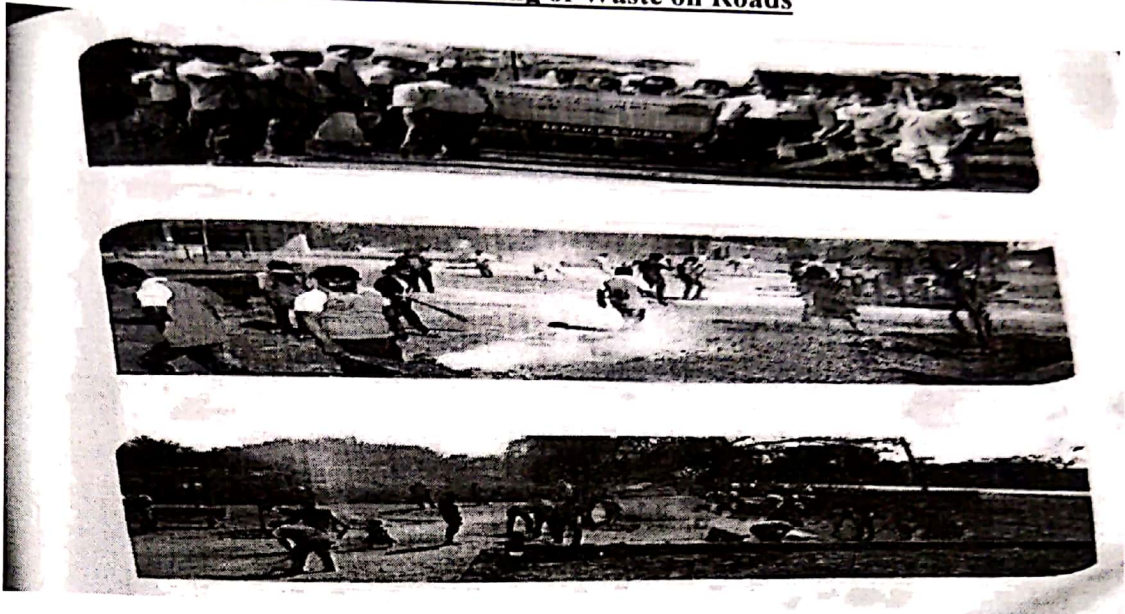

Gram Swachh

NSS Unit has organized Gram Swachh event. The student volunteers have visited a village by name Malkapur, Bhosa and Karanjalla in association with **District Internship Program**. Brief Report on Gram Swachh: Some of the faculty and several students have visited the village to organize the Gram Swachh programme. This created an impact among the villagers and they have also participated in this momentous occasion. 20 students have participated in this great occasion and made this programme successful.

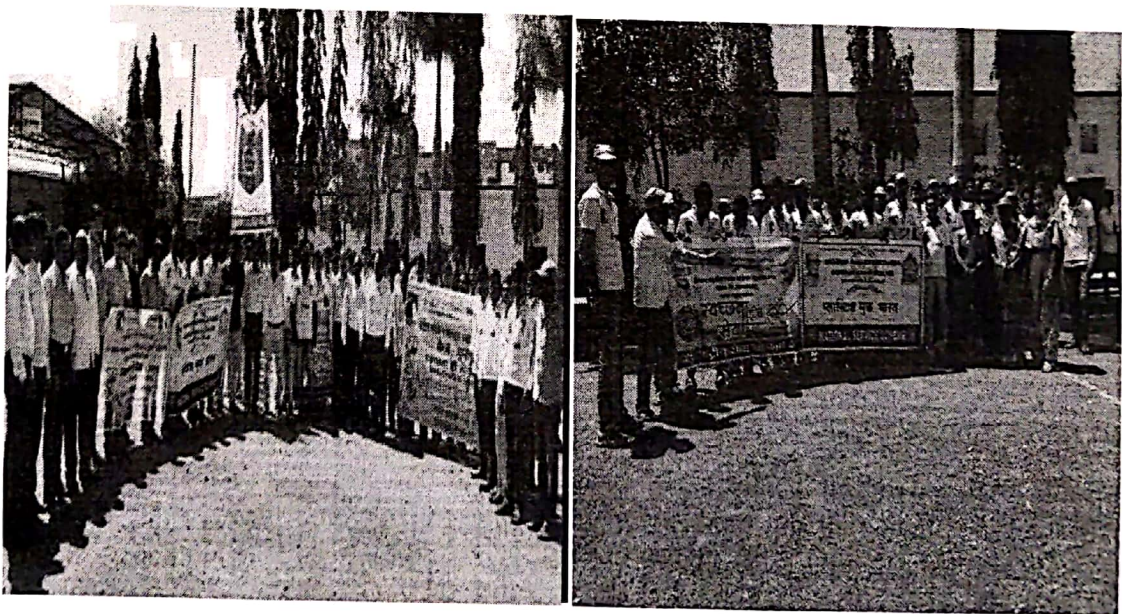

Students Interaction With Gram Pradhan, Secretary Of Gram Panchayat, Asha worker & Villagers of Adopted Villages of Malkapur, Bhosa and Karanjalla

Gram Swachh Participation in Cleaning of Waste on Roads

Students participated in rally to create awareness on ban on plastic organized by

NSS department organized a Plastic Bottle Collection Drive. “Beat Plastic Pollution and reduce your Plastic Footprint” was the motto of the event. The initiative was discarded plastic disposable bottles picked up by the staff and students and the NSS volunteers of the college. These discarded bottles would have ended in landfills or clogged the drains or landed in water bodies and continued polluting the atmosphere. The collected bottles were handed over to Nagarparishad Kalamb.

Cleaning At Ganesh Visarjan 2019-20

The objective of Rally is to make people aware about Cleaning. Around 32 students from our college had taken part in the Rally. Students also had dedicated a dance as the occasion of Ganesh Visarjan. The idea of spreading social awareness message in Ganesh Visarjan rally is remarkably good. Mr. Vishal Bhosale, Nagarparishad Kalamb, had welcome idea and implemented the same with an enthusiastic support of students. Students have prepared for rally in 2 days only. That shows their energy and feeling of binding with society. Students of S. M. D. Mohekar College, Kalamb properly used their skills and knowledge to interact with people. By this way they succeeded in bridging the gap between society and youth. Crowd also appreciated the efforts of students by their applause. Students started spreading their enthusiasm right from 10am in morning and

without letting it fed out they performed till 5pm. They conveyed the message of health awareness and cleaning to bring 'Parivartan' in the society.

Plastic Mukta Bharat Awareness Rally

NSS and NCC department have conducted a rally from college to Dhoki road Kalamb, Days creating awareness about the avoidance of plastic usage. On the way, "No plastic Awareness" was highlighted through oath taking. Plastic Mukta Bharat slogans and we received Plastic Mukta Bharat certificate for promoting the scheme. The Swachh Bharat scheme was spotlighted with cleaning of planting of trees. The rally ended in a grand manner at College campus.

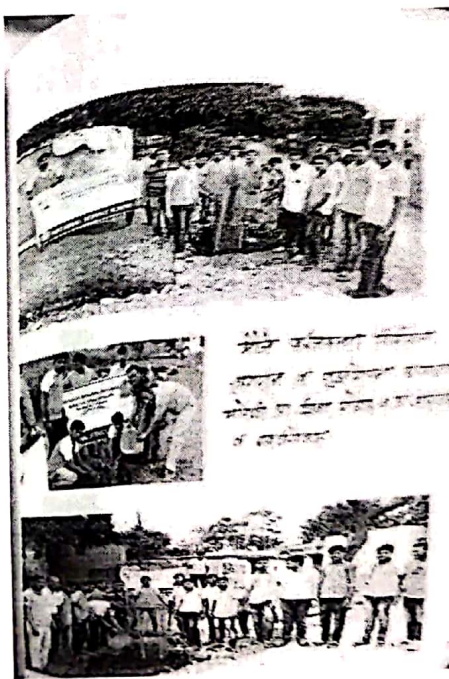

To motivate people to take up the cause, we truck pulling in the presence of public and school children, explained about good plastic, bad plastic and the advantages of using of

Consturction Of Water Dam At Karanjakalla 2019-20

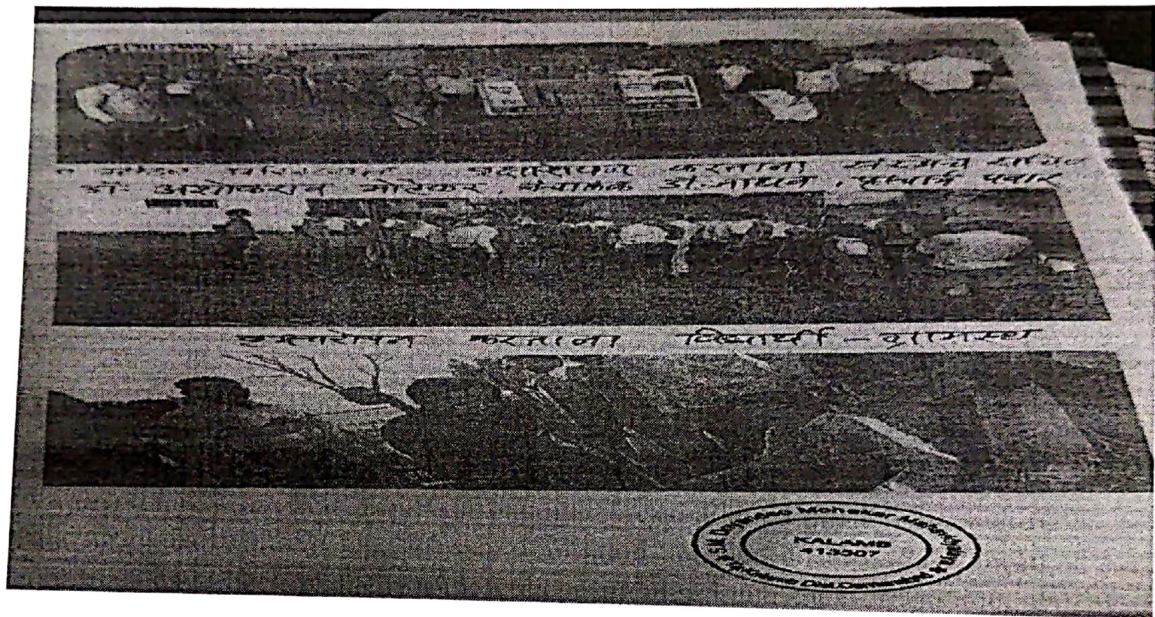

Tree Plantation at adopted village Karanjakalla 2019-20

In order to save environment, we have recently started a campaign under the caption - "Each one plant one". Under this programme the students were explained the importance of plants and their usefulness in our daily life. The students had brought the saplings and planted the saplings in the School ground. They marched with banners around the Z. P. School of Karanjakalla, school with slogan "EACH ONE PLANT ONE".

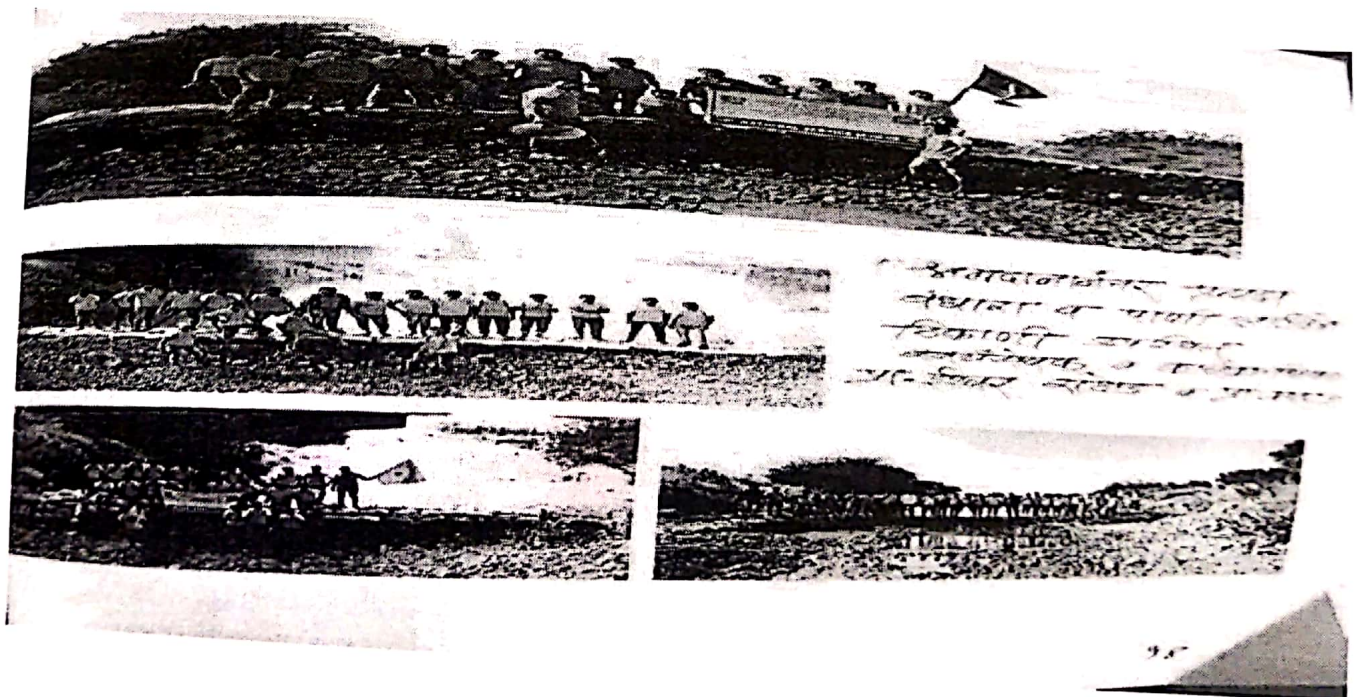

Tree plantation at temple by NCC students 2019-20

Every year a large number of Indian plants are planted by the college in the college premises as well as in surrounding areas. Plantation activities are crucial in reducing global warming due to rising pollution and carbon dioxide emissions. So far more trees have been planted in the college premises and they are maintained by drip irrigation. Along with tree planting, colleges also planted a huge number of ornamental plants for the purpose of beautification.

Construction of dam by NSS students 2019-20

Swachhtha High Seva: Cleaning Public Place

NSS volunteers and NCC cadets, undertook the cleaning of Kalamb Public Cemetery. The field to be cleaned was divided into four regions, and the students were divided into four groups. First they removed the waste materials like plastic, rubber, waste clothes etc. and make awareness and survey of Indira Nagar Kalamb .told the importance of sanitization and hygiene

रासेयो वर्धापन • कळंबमध्ये मोहेकर महाविद्यालयाततर्फे ग्रंथालय, उपहारगृहाची स्वच्छता

मोहेकर महाविद्यालयात रासेयोच्या विद्यार्थ्यांनी स्वच्छता करून श्रमदान केले.

उमरगा येथील शिवाजी महाविद्यालयात ध्वजारोहण करण्यात आले.

प्रतिनिधी । कळंब

मोहेकर महाविद्यालयात रासेयो वर्धापन दिन साजरा करण्यात आला. यावेळी रासेयो स्वयंसेवक आणि प्राध्यापकांनी महाविद्यालय परिसरात ग्रंथालय, उपहारगृह आणि प्रवेशद्वारासमोरचा रस्ता स्वच्छ करण्यासाठी श्रमदान केले. डॉ. बाबासाहेब आंबेडकर मराठवाडा विद्यार्थी संलग्न शिक्षण महर्षी ज्ञानदेव मोहेकर

महाविद्यालयातील राष्ट्रीय सेवा योजना विभागाच्या वतीने प्रतिवर्षाप्रमाणे याही वर्षी रासेयो वर्धापन दिन उत्साहात साजरा करण्यात आला. स्वच्छता हीच सेवा या श्रमदान कार्यक्रमाचे आयोजन रासेयो प्रमुख डॉ. दीपक सुर्यवंशी, प्रा. ईश्वर राठोड, डॉ. मुकुंद गायकवाड, डॉ. मीनाक्षी जाधव, डॉ. नामानंद साठे, डॉ. नागनाथ अदाटे, अरविंद शिंदे यांच्यासह रासेयोचे छात्रांनी सहभाग घेतला.

प्रतिनिधी । उमरगा

राहतातील श्रीलक्ष्मी शिवाजी महाविद्यालयात सोमवारी (दि.२४) राष्ट्रीय सेवा योजना वर्धापन दिन विविध उपक्रमांनी साजरा करण्यात आला. यावेळी प्राचार्य डॉ. जी. एच. जाधव यांच्या हस्ते ध्वजारोहण करण्यात आले. राष्ट्रीय सेवा योजना हा भारत सरकारचा स्थायी उपक्रम असून महाविद्यालयातून प्रत्येकी राबवण्यात येतो. विद्यार्थ्यांमध्ये

सामाजिक भान, समाजसेवा, नेतृत्वगुण यांचे बाळकडू मिळण्यासाठी राष्ट्रीय सेवा योजना महत्वाची भूमिका बजावत आहे. देशभरात राष्ट्रीय सेवा योजनेचे स्वयंसेवक स्वच्छतेच्या संसेत योगदान देत असल्याचे कार्यक्रमाधिकारी डॉ. विनोद देवरकर यांनी व्यक्त केले. कार्यक्रमाला प्राध्यापक, शिक्षकेतर कर्मचारी, प्रा. राजेंद्र सुर्यवंशी, डॉ. एच. एस. निर्मळे, प्रा. सुजित शिंदे, प्रा. डॉ. डी. पांडे उपस्थित होते.

An awareness class on environmental concerns was conducted by the NSS department 03/08 2019, to investigate water pollution issues and the level of environmental awareness among the students. The students were asked to work collectively for the protection of earth and emphasized on the need to build a greener world and adopt green ways of life. As part of the project a survey was conducted among the residents of Indira Nagar Kalamb during door to door meet by NSS department. Results from the study revealed that even though people are becoming increasingly aware of environment and environment related problems, they do not actively participate in the protection and improvement of environment. Hence, we identified the need to raise their awareness and encourage positive behavioral change. This alone will stimulate their interest in environment and make them assume certain level of responsibility towards environmental protection and improvement.

Suchithwa Mission Activities:

The Annual Special Camp of NSS unit of the College was conducted at Z. P. School of adopted village Khondla. 100 volunteers participated in the camp. The volunteers conducted a rally to create awareness about the Suchithwa Mission activities.

Some of the suggestions obtained from the interaction session were that the area required more rain water harvesting systems, proper waste management, promotion of water quality monitoring programmes, prohibition of encroachment, and more institutional and stakeholder engagement in order to encourage environmental protection. The people of Khondala, took an oath to prevent the environment from pollution to the maximum level possible.

Survey Of Kalamb Through Unnat Bharat Abhiyan

Tree Plantation 2019-20

Tree plantation program organized by our institution in karanjkalla village on 25rd, July, 2019 with social responsibility. The main motto of this programme is sought to be achieved by a multi-pronged approach of rejuvenating degraded forests, ensuring more effective protection of forests against encroachment and conservation measures following the watershed approach.

Each One Plant One In Pandemic

In order to save environment, we have recently started a campaign under the caption - "Each one plant one". Under this programme the students were explained the importance of plants and their usefulness in our daily life. The students had brought the saplings and planted the saplings in their premises, in pandemic situation with slogan "Each One Plant One".

NSS students to conduct survey to prevent the spread of COVID-19.

“Through this campaign, awareness will be created through the triad of wearing masks, washing hands, maintaining physical distance. According to a letter from the Public Health Department, volunteers, faculty and students will have to participate in the survey as volunteers. Information on students and their families and at least 10 to 20 other families should be filled. As well as students will give us surveys which will help in curbing such pandemic transmission? Dr. Namanad Sathe said” The family should be surveyed for safety. If not safe, information on how ill people are isolated should be collected. Awareness campaigns should be carried out through use of social media like e-mail, WhatsApp, to make the family aware.
